

Redeemed Soul

RedeemedSoul.com is an urban soul gospel music label based in Indianapolis, IN. Started by Christian music songwriter David V. Taylor, RedeemedSoul.com was officially launched with the CD release of THE NEW SOUL (Various Artists). Proud to be an "INDIE" (independent music label), RedeemedSoul.com strives to be recognized as the place for discovering talented, independent gospel and inspirational music artists.

After listening to the sounds from some of their artists, I was impressed with the empowering messages that this label showcases. There is enough negative music and media coverage in the world and it's great to have a outlet that brings not only balance but tips the scale in a great direction.

THE NEW SOUL (Various Artists) is the "must-have", urban soul gospel music CD of the year. It's a "break-through album"!

You'll love the powerful blend of R&B grooves with soul-stirring lyrics for praise and worship, for encouragement, and for fun. With these songs you'll be able to express your love and desire for God, and you'll be inspired to overcome life's challenges. Plus, there's smooth, soulful music to vibe to while driving or relaxing at home. You'll love THE NEW SOUL (Various Artists) CD.

THE NEW SOUL (Various Artists) CD is packed with powerful performances from gospel music stand-outs Bridgette Campbell ("He Reigns" track #4) and Denise Tichenor ("I Bow Down" track #5). Inspirational/neo-soul music artist Lonna Hardin makes a stunning debut on "I Belong to You" (track #15). Plus, you'll be blown away by some of Chicago and Detroit's hottest new gospel vocalists in Katherine Alexander, June Long, D'Andre Bracey, and Frank Cole.

THE NEW SOUL (Various Artists) CD was masterfully produced by Noel Hall (Fred Hammond, Martha Munizzi), Berris Bolton (Fortitude), Jason Tyson (Smokie Norful), and Roger Ryan (Shirley Caesar, Benita Washington).

I recommend this cd to all listeners. [Click here to purchase.](#)
